

CLASS LIST INFORMATION

Century Nursery School is preparing a class list to be distributed to the parents of each child by class. This is helpful in the formation of carpools, becoming familiar with parent's name, and associating each child with his/her parents.

This list will contain each child's name, address, telephone number, parents' names and his/her date of birth.

If there is a specific piece of information you **DO NOT** want put on this list, please list what we should omit below. If nothing is listed, all the information noted above will be made available on the class list.
